Re: Dens Glass Gold®, GlasRoc®, Securock™ & National Gypsum e<sup>2</sup>XP™ Sheathings

---

ParexLahabra is pleased to inform you that CertainTeed GlasRoc® glass mat gypsum sheathing Georgia Pacific DensGlass Gold®, National Gypsum e<sup>2</sup>XP™ Extended Exposure Sheathing and USG Securock™ Glass-Matt Sheathing are all suitable substrates for ParexLahabra brands of exterior insulation and finish systems and also for direct coatings applications for soffits. The EIFS and direct applied coatings for these applications are sold under our El Rey, Parex, Surewall, and TEIFS brands.

Our products as noted above all have current specifications for the use of glass mat gypsum sheathing conforming to ASTM C1177 and so are immediately applicable to, DensGlass Gold®, GlasRoc®, e<sup>2</sup>XP™ Extended Exposure Sheathing and USG Securock™ Glass-Matt Sheathing.

Please feel free to distribute this information. We welcome this mutual opportunity.

If you have any additional questions please contact the Parex Technical Services Department at (800) 537-2739 at your earliest convenience.
